SUMMARY

Results-oriented Laravel Developer with solid full-stack expertise and a focus on enhancing user experiences. Eager to tackle challenging projects, leverage advanced Laravel practices, and collaborate with cross-functional teams to deliver innovative web solutions.

WORK EXPERIENCE

Web Developer (TriosWeb)

Mars 2024 - Present

- Develop and maintain various projects, including CRM platforms and WordPress websites
- Deliver robust, scalable solutions and seamless user experiences

Internship (Designet Web Agency)

November 2023 - January 2023

Developed a construction site management app for Designet Web Agency using PHP, JavaScript, **Tailwind CSS, Laravel, Livewire, Filament**, AJAX, jQuery, MySQL, and GitHub, integrating inventory tracking, employee oversight, and **CRM** to streamline operations and improve data accuracy.

internship PFE (Ikaredoc)

February 2023 - May 2023 [See project](#)

Developed Dentameet, an online dental conference platform, using PHP, JavaScript, Bootstrap, **Laravel, Livewire, AJAX, jQuery**, and MySQL, with version control on **GitHub**. Implemented user-friendly registration, interactive scheduling, and networking features, boosting attendee engagement.
